Step 6:

The screenshot shows the Jira Project settings page for the 'Online College Admission System' project. The 'Access' tab is selected, displaying a table of current users and their roles. The table has columns for Name, Email, Role, and Action. The users listed are Ajay Kumar S (Scrum Master), Satlas Rohit (Project Owner), satlasrohit14 (Member), Srinivasan S (Member), and sudalai kumar (Member). Each user has a 'Remove' link in the Action column. The page also includes a search bar, a 'Create' button, and a 'Premium trial' badge. The left sidebar shows the project settings menu with options like Details, Access, Notifications, Automation, Fields, Work types, Features, Board, Toolchain, and Apps.

Name	Email	Role	Action
AS Ajay Kumar S	-	Scrum Master	Remove
SR Satlas Rohit	satlasrohit7@gmail.com	Project Owner	Remove
S satlasrohit14	-	Member	Remove
SS Srinivasan S	-	Member	Remove
SK sudalai kumar	-	Member	Remove

Step 7:

The screenshot shows the Jira 'Create' dialog box for creating a new issue. The dialog box is titled 'Create' and contains the following fields:

- Project:** Online College Admission System. (OCAS)
- Work type:** Task
- Status:** To Do
- Summary:** Build a student registration system with login form and email confirmation.

The dialog box also includes a 'Create another' checkbox, a 'Cancel' button, and a 'Create' button. The background shows the Jira interface with the 'Backlog' tab selected.

Step 10:

The screenshot shows the Jira interface for the 'Online College Admission System' project. The 'Backlog' tab is selected, and the 'Epic' modal is open. The modal displays the 'OCAS Sprint 1' and 'Backlog' sections. The 'Course Management' epic is selected, and its description is visible on the right. The description includes four stories: Story 1: Browse available courses, Story 2: Select preferred course during registration, Story 3: Display course eligibility criteria, and Story 4: Store chosen course in database.

Step 11:

The screenshot shows the Jira interface for the 'Online College Admission System' project. The 'Backlog' tab is selected, and the 'Epic' modal is open. The 'Course Management' epic is selected, and its description is visible on the right. The 'Add or create related work' button is highlighted, and the 'Details' section is expanded, showing the assignee 'satlasrohit14'.

Step 12:

The screenshot shows the Jira interface for the 'Online College Admission System' project. The 'Backlog' tab is selected, displaying a list of work items. An epic titled 'system with login, form, and email confirmation' is highlighted, showing its description and child work items.

Project: Online College Admission System

Backlog:

- OCAS-1 Build a student registration system with login, form, and email confirmation (TO DO, Sep 30, 2025)
- OCAS-7 Course Management (TO DO)
- OCAS-8 Payment Integration (TO DO)

Epic: system with login, form, and email confirmation

Description:

- Students should be able to register with personal info.
- Upload required documents.
- Receive confirmation email.

Child work items:

Work	P...	A...	Status
OCAS-3 Create student...	=	5%	IN PROGRESS
OCAS-4 Upload admis...	=	35%	IN PROGRESS
OCAS-5 Email confir...	=	35%	IN PROGRESS
OCAS-6 Validate input...	=	35%	IN PROGRESS

Step 13:

The screenshot shows the Jira interface for the 'Online College Admission System' project. The 'Board' tab is selected, displaying a Kanban board with columns for 'TO DO', 'IN PROGRESS', and 'DONE'. A work item titled 'Build a student registration system with login, form, and email confirmation' is currently in the 'IN PROGRESS' column.

Project: Online College Admission System

Board:

- TO DO:** + Create
- IN PROGRESS:** 1
 - Build a student registration system with login, form, and email confirmation (Sep 30, 2025)
- DONE:** ✓

Step 14:

The screenshot shows the Jira web interface for a project named "Online College Admission System". The board is in "Board" view, displaying a sprint titled "Complete sprint". The board is divided into three columns: "TO DO", "IN PROGRESS", and "DONE". The "DONE" column contains one item: "Build a student registration system with login, form, and email confirmation", which is due on "Sep 30, 2025". The item is assigned to "OCAS-1" and has a status of "5". The interface includes a sidebar with navigation options like "For you", "Recent", "Starred", "Apps", "Plans", "Projects", and "Teams". The top navigation bar shows the project name and various tabs like "Summary", "Timeline", "Backlog", "Board", "Calendar", "List", "Forms", "Goals", "All work", and "Development". The bottom status bar shows the system time as 22:27 on 25-09-2025.

Step 15:

The screenshot shows the same Jira board as in Step 14, but with a modal dialog box open in the center. The dialog box is titled "Complete OCAS Sprint 1" and features a trophy icon. The text inside the dialog reads: "This sprint contains 1 completed work item. That's all of them - well done!". At the bottom of the dialog, there are two buttons: "Cancel" and "Complete sprint". The background of the Jira interface is dimmed, and the bottom status bar shows the system time as 22:28 on 25-09-2025.
